

## ECONOMY HAZARD WARNING TAPE

*Specialists in  
Safety  
Identification  
Products*

### APPLICATION:

Designed expressly for safety marking applications in industrial plants, commercial buildings, institutions and recreational facilities. Used to mark obstructions, low hanging objects, pillars, handrails, passageways, aisles and any potentially hazardous areas or objects.

### FEATURES / BENEFITS:

- Can be applied quickly and easily; requires minor surface preparation, with no time consuming scraping and cleaning necessary.
- No downtime required for drying after installation.

### COLORS:

Yellow/Black, White/Red, White/Green, White/Black

### TECHNICAL DATA:

|                              |                       |
|------------------------------|-----------------------|
| Backing Material:            | Plasticized PVC       |
| Adhesive:                    | Rubber Based Adhesive |
| Total Tape Thickness:        | 6 mil; 0.17 mm        |
| Tensile Strength (N/cm):     | 23N/cm                |
| Elongation at Break (%):     | 170%                  |
| Peel Adhesion (N/cm):        | 1.2N/cm               |
| Unwinding force (N/cm):      | 2.3 N/cm              |
| Temperature Resistance (°C): | -10°C -- +80°C        |
| Shelf Life (month)           | 12 months             |

Note: The above are typical values and should not be used in writing specifications.
